LTD “EDS-SUBSTATION”

construction and reconstruction of
substations

ABOUT THE COMPANY

EDS-Substation - The company specializes in the construction and reconstruction of electrical substations of power plants, ensuring the reliability and efficiency of energy systems.

We design and install equipment and systems, as well as provide support and maintenance to optimize substation operations.

We strive to create innovative solutions that contribute to the sustainable development of energy infrastructure, meeting the needs of our customers and improving the quality of life of communities.

Our company ensures the highest level of quality in all our projects, guaranteeing the reliability and durability of power substations, which allows our customers to rely on us in any conditions. We are constantly introducing the latest technologies and solutions that improve the efficiency of our projects, which allows us to stay one step ahead in the industry. The safety of our employees and customers is our highest priority, so we comply with all safety standards and regulations at every stage of our work. Our team consists of highly qualified specialists who work in a coordinated and responsible manner, valuing professionalism and constantly developing their skills. Striving to minimize our environmental impact, we contribute to the sustainable development of energy infrastructure by implementing environmentally responsible practices. In addition, we provide comprehensive support and services to optimize substation operations, ensuring their smooth and efficient operation

Our portfolio includes many international and domestic projects such as:

- Construction of 330/35 kV Nadezhdino substation;
- Construction of 110/35 kV SS Yuzhne Energy for a 72 MW wind farm;
- Over 350 MW of industrial solar power plants were built;

Many restoration and construction projects are prohibited from disclosure as strategic.

Construction of 3 SPPs with a total capacity of 60 MW

Turnkey construction of 330/35 kV Nadezhdyno substation for Zaporizhzhia WPP: <https://goo.su/a0Js>

CONSTRUCTION AND RECONSTRUCTION OF POWER GRIDS AND SUBSTATIONS

part 1 of 7

Nº	Types of work	Name of the facility, city	Name of the Customer	Start and end dates of work
1	Construction of a solar power plant (alternative energy facility) of 4 MW (AC) / 4,602 kW (DC) in Bilotserkivka village, Poltava region.	c. Bilotserkivka village, Poltava region.	PRIVATE ENTERPRISE BILA TSERKVA AGRO-INDUSTRIAL GROUP	2024
2	Construction of a 35/10 kV, 6300 kVA substation in Bilotserkivka village, Poltava region.	c. Bilotserkivka village, Poltava region.	PC "BILA TSERKVA AGRO-INDUSTRIAL GROUP"	2024
3	New construction of gas turbine plants for electricity generation		LLC Gas Transmission System Operator of Ukraine	2024-2025
4	A set of works on the installation of an external power supply with a capacity of 16 MW, voltage of 10 kV, to connect the foundry of Dnepropress Steel LLC in Dnipro	m. Dnipro	Dnepropress Steel LLC	2024
5	Works on the development of design documentation for the power supply of the Treatment Plant in accordance with the Technical Conditions for Temporary Connection TU 009480211223 1 16 14 2 000000 1 dated 12/21/2023 (section "Requirements for electrical installations of the Customer"), works on the development of design documentation for the power supply of the Complex (Milk Processing Plant) (hereinafter - works) in accordance with the Technical Conditions for Temporary Connection TU 009518271223 1 16 14 2 000000 1 dated 12/27/2023 (section "Requirements for electrical installations of the Customer")	Poltava region, Myrhorod district, Bilotserkivka village	PE Belotserkovskaya Agroindustrial Group	2024
6	"Reconstruction of the 0.4 kV power grid in terms of the introduction of combined power supply sources for the educational building No. 5 of NTU "SE"	m. Dnipro, Dnipro region	NTU "Dnipro Polytechnic"	2024
7	Works on the construction of the facility with the development of project documentation: "Reconstruction of the 35kV outdoor switchgear, 10kV and 3.3kV outdoor switchgear at Pavlohrad traction substation"	Pavlohrad, Dnipropetrovska oblast	JSC "Ukrainian Railways"	2023-24
8	New construction of the Ingulets River main water supply pipeline - Southern Reservoir to supply water to Kryvyi Rih	Dnipropetrovska oblast, Kryvyi Rih district	LLC Avtomagistraly-Pivden	2023-24
9	Engineering and construction works (Works on the development of design and estimate documentation stage working documentation (W) and construction and installation works	Merefa	JSC "Ukrainian Railways"	2023-24
10	Reconstruction of Volovets 35/6 kV traction substation	Transcarpathian region, Mukachevo district, urban-type settlement. Volovets	JSC "Ukrainian Railways"	2023-24
12	"Reconstruction of the 0.4 kV power grid in terms of the introduction of combined power supply sources for the educational building No. 5 of NTU "SE"	m. Dnipro, Dnipro region	NTU "Dnipro Polytechnic"	2024
13	Technical re-equipment of the SS No. 10 - 10 kV for connection of the PVPP in Mohyliv-Podilskyi, Ozarynetska str., cad.0510400000:00:014:0026	Mohyliv-Podilskyi, Ozarynetska str.	JOINT-STOCK COMPANY "VINNITSIAOBLENERGO"	2024-2025

part 2 of 7

№	Types of work	Name of the facility, city	Name of the Customer	Start and end dates of work
14	Overhaul of the linear equipment of the world yard	Kharkiv region, Kharkiv district, village. Yards	PJSC Kharkivska CHPP-5	2024
15	Reconstruction of Volovets 35/6 kV traction substation	Transcarpathian region, Mukachevo district, urban-type settlement. Volovets	JSC "Ukrainian Railways"	2023-24
16	Works on the construction of an external power supply during new construction the main water pipeline Marhanets - Nikopol - Pokrov in connection with the need to eliminate the negative consequences associated with the destruction of Kakhovka hydropower plants, Dnipropetrovska oblast	Dnipropetrovska oblast, Nikopol-Pokrov	OOO "ROZDORSTROY"	2023-24
17	Works on the construction of an external power supply during new construction the main water pipeline Marhanets - Nikopol - Pokrov in connection with the need to eliminate the negative consequences associated with the destruction of Kakhovka hydropower plants, Dnipropetrovska oblast	Dnipropetrovska oblast, Nikopol-Pokrov	OOO "VK AVTOSTRADA"	2023-24
18	Restoration of the Fakel transformer substation	m. Kremenchuk, 3 Svishtovska str.	Public Joint Stock Company Transnational Financial and Industrial Oil and Gas Company Ukratnafta company	2023
19	Reconstruction of the substation-5	m. Dnipro	ELECTRICAL INSTALLATION COMPANY "ELTIC" LTD	2023
20	Restoration of the working condition of electrical equipment and outdoor switchgear at DTEK Kurakhovska TPP	Kurakhove, Donetsk region	INTERENERGOSERVICE LLC	2023
21	Complex of works on reconstruction of 35/6 kV substation of LLC "AGRO-OVEN"	m. Dnipro	Agro-Oven LLC	2022
22	Complex of works on reconstruction of power equipment of the pumping station of the second lift of the Aulsky Vodovid	Kamianskyi district, village of Auly, Dnipropetrovska oblast	Capital Sroy Group LLC	2022
23	Technical re-equipment of the 330 kV OS 330 kV Loseve SS	m. Kharkiv	PJSC National Energy Company UKRENERGO	2021-22
24	Reconstruction of 35/6 kV substation LB-2	m. Dnipro	DTEK DNIPRO POWER GRIDS	2021-22
25	Supply of crane trolley for SE NPKG "Zarya" - Mashproekt.		DP R&PC "ZARYA" - "MASHPROEKT"	2021
26	Technical re-equipment of SS 35 kV Surska with replacement of transformers 3T, 4T	c. Bratske village, Dnipropetrovska oblast	DTEK Dnipro Power Grids JSC	2021
27	Reconstruction of RP-16 equipment	m. Kramatorsk	DTEK Donetsk Power Grids JSC	2021
28	CEC: Technical re-equipment of substation No. 14 35/6 kV		Energy Standard, LLC	2021
29	Reconstruction of SS 110/10/10 kV Kurenivska with replacement of transformers T-1, T-2	Kyiv region	DTEK Kyiv Electricity Networks JSC	2021
30	TECHNICAL RE-EQUIPMENT OF THE 35KV NOVORAYSKAYA 110KV SUBSTATION	Donetsk region	DTEK Donetsk Power Grids JSC	2021
31	Reconstruction of RP-16 equipment	m. Kramatorsk	DTEK Donetsk Power Grids JSC	2021
32	Technical re-equipment of 110/35/10kV substation "Kryzhopil 1.2 stages	Vinnitsya region	Energy Standard, LLC	2021
33	Maintenance of OHL-150kV Prymorska WPP-2 - Melitopolska substation. - Botievo wind farm	Zaporizhzhya region	DTEK RENEWABLES	2021

part 3 of 7

Nº	Types of work	Name of the facility, city	Name of the Customer	Start and end dates of work
34	VOE: Technical re-equipment of 10 kV CL F-241 from the substation 110/10 kV "Promyslova"	Vinnitsia region	Energy Standard, LLC	2021
35	Reconstruction of DG 56	m. Dnipro	DTEK Dnipro Power Grids JSC	2021
36	Reconstruction of the 84th substation	m. Dnipro	DTEK Dnipro Power Grids JSC	2021
37	Reconstruction of DG 1	m. Pavlohrad	DTEK Dnipro Power Grids JSC	2021
38	Reconstruction of DG 4	m. Pavlohrad	DTEK Dnipro Power Grids JSC	2021
39	PROJECT: Technical re-equipment of CL-10kV F-268 from SS 110/10kV Promyslova		Energy Standard, LLC	2021
40	Supply of switchboard equipment: CSO, SHO, KTP	m. Bucha	Belbud LLC	2021
41	Technical re-equipment of switchgear-6kV at Novotroitskaya 110kV substation	Donetsk region	DTEK Donetsk Power Grids JSC	2021
42	"Technical re-equipment of the 35kV SS Sukha Balka-35kV"	Donetsk region	DTEK Donetsk Power Grids JSC	2021
43	Technical re-equipment of SS 35/10 kV Vorobievka	c. Vorobiivka village, N. Siverskyi rayon, Chernihiv oblast	Energy Standard, LLC	2021
44	Reconstruction of 35/6 kV substation "LB-2"	m. Dnipro	DTEK Dnipro Power Grids JSC	2021
45	Orlovskaya wind farm: - Maintenance of 150kV overhead lines; - Maintenance of outdoor switchgear 0.22-150 kV; - Maintenance of 10-150kV transformer equipment.	c. Orlivka village, Prymorskyi rayon, Zaporizhzhia oblast	DTEK RENEWABLES	2021
46	Technical re-equipment of the 330 kV SS 330 kV GIS "Loseve"	Kharkiv region	NPC "UKRENERGO"	2021
47	Overhaul of 110.35 kV SS (replacement of circuit breakers) - 3 pcs.	m. Chernihiv	"ENERGIGROUP, LLC	2021
48	Reconstruction of the 6 kV cable line "Kirovska SS bldg. 4 - RP-40 bldg. 5 (CL1), Kirovska SS bldg. 34 - RP-40 bldg. 10 (CL2)" m. Sumy	m. Sumy	Energy Standard, LLC	2021
49	Technical re-equipment of the 6kV switchgear and 6kV switchgear at Druzhkivka-110kV substation	m. Druzhkivka, Donetsk region.	DTEK Donetsk Power Grids JSC	2021
50	Design works: "Reconstruction of 110/35/10 kV substation "Mezhova with replacement of 6 kV equipment for connection of solar power plants ECO REY, LLC "SOFIA ENERGY, LLC SOLARFIELD-3, LLC "Fortis Solar, Mezheva, Mezheva district, Dnipropetrovs'k region.	m. Dnipro	DTEK Dnipro Power Grids JSC	2021
51	"Construction of CL-6kV from RP-5 in the city of Dnipro to Shevchenko lane No. 9, 9A, 9B"	m. Dnipro	DTEK Dnipro Power Grids JSC	2021
52	Supply and installation of equipment for Tariyan Towers TP-1	m. Kyiv	Poznyakizhilstroy, LLC	2021
53	"Technical re-equipment of the 6 kV switchgear at Bakhmut'ska 110 kV substation"	m. Bakhmut, Donetsk region.	DTEK Donetsk Power Grids JSC	2021
54	Installation works at SS Bohorodchany 330 kV	Bohorodchany village, Ivano-Frankivsk region.	BETAŞ - BEST Elektrik Taahhüt ve Ticaret A.Ş.	2021
55	Installation works at Ivano-Frankivsk 330 kV substation	m. Ivano-Frankivsk	BETAŞ - BEST Elektrik Taahhüt ve Ticaret A.Ş.	2021
56	Construction of 110/35 kV substation by Yuzhne Energy for a 72 MW wind farm A full range of construction and installation (CI) and commissioning and start-up operations (CSO), from geodetic surveys and the "zero cycle" to the turnkey commissioning of the facility.	Territory of Vizyr village council, Lyman district, Odesa region	JSC "Odesaoblenergo"	2020-2021

part 4 of 7

№	Types of work	Name of the object, city	Name of the Customer	Start and end dates of work
57	Construction of 330/35 kV central substation "Zaporizhzhia Wind Farm 500 MW A full range of construction and installation (CI) and commissioning and start-up operations (CSO), from geodetic surveys and the "zero cycle" to the turnkey commissioning of the facility.	c. Nadezhdyne village, Pryazovskyi district, Zaporizhzhia region	LLC "Jurocape Ukraine 1"	2020
58	Installation of 35 kV cable lines for the future 250 MW Sivash wind farm 150+ km of cable routes 500+ km of cross-linked polyethylene cable 170+ km of high security fiber optic communication lines	is located in the villages of Pershokonstantinovka, Grigorovka, Pavlivka and Stroganovka in Chaplynka district of Kherson region	The wind farm is a joint project of Norwegian NBT AS and French Total Eren	2020
59	Technical re-equipment of Stroy mash 150/6 kV substation: - dismantled: VMG oil circuit breaker, current transformers, and R&A equipment; - installed: vacuum circuit breaker, current transformers, relay protection and automation equipment; - Completed: commissioning and high-voltage tests.	М. Nikopol, Dnipropetrovska oblast, Ukraine	DTEK Dnipro Power Grids JSC	2020
60	Technical re-equipment of LB-1 150/6 kV substation: - dismantled: VMG oil circuit breaker, current transformers, and R&A equipment; - installed: vacuum circuit breaker, current transformers, and relay protection equipment; - Completed: commissioning and high-voltage tests.	М. Dnipro, Dnipro region, Ukraine	DTEK Dnipro Power Grids JSC	2020
61	Technical re-equipment of Pivdennyi GOK 150/6 kV substation: - dismantled: oil circuit breaker VMG-133, 2 TPOF-10 current transformers, RZIA equipment; - installed: vacuum circuit breaker BP-2, 2 Topol-10 current transformers, new control cable, microprocessor terminal RM-200, GAMA metering meter and telemechanics equipment; - Completed: commissioning and high-voltage tests.	М. Kryvyi Rih, Dnipropetrovska oblast, Ukraine	DTEK Dnipro Power Grids JSC	2020
62	Reconstruction of SS Sevemaya 35/6 KV: - installation of TMN-4000/35 kVA power transformer; - the construction part of the oil receiver and the transformer foundation was completed; - a production relay protection cabinet was installed EDS; - The winding of the HV and LV transformers was replaced; - commissioning works were carried out.	Zhovti Vody, Dnipropetrovs'k region, Ukraine	PJSC "PEM "CENTRAL ENERGY COMPANY"	2020
63	Technical re-equipment of Pivdennyi GOK 150/6 kV substation: - dismantled: oil circuit breaker VMG-133, 2 TPOF-10 current transformers, RZIA equipment; - installed: vacuum circuit breaker BP-2, 2 Topol-10 current transformers, new control cable, microprocessor terminal RM-200, GAMA metering meter and telemechanics equipment; - Completed: commissioning and high-voltage tests.	М. Kryvyi Rih, Dnipropetrovska oblast, Ukraine	DTEK Dnipro Power Grids JSC	2020

part 5 of 7

№	Types of work	Name of the object, city	Name of the Customer	Start and end dates of work
64	Reconstruction of SS Severnaya 35/6 KV: - installation of TMN-4000/35 kVA power transformer; - the construction part of the oil receiver and the transformer foundation was completed; - a production relay protection cabinet was installed EDS; - The winding of the HV and LV transformers was replaced; - commissioning works were carried out.	Zhovti Vody, Dnipropetrovs'k region, Ukraine	PJSC "PEM "CENTRAL ENERGY COMPANY"	2020
65	Reconstruction of SS Marinska 35/6 KV: - Reconstruction of 35 kV switchgear with installation of an additional line cell with a vacuum circuit breaker, current transformers, voltage transformers, as well as surge arresters and disconnectors on the II section of 35 kV busbars; - 35 kV CB cells and 35 kV 1T and 2T circuit breaker cells were replaced; - a new control room building with EDS radio frequency equipment was installed; - the operating panel No. 3 (lines L-399A, Z-31 and C-61) and the telemechanics panel were completed.	Maryanska village council in Apostolivskiy district of Dnipropetrovska oblast	DTEK Dnipro Power Grids JSC	2020
66	Technical re-equipment of 6 kV OHL of the dispatching direction of SS "PLM 13" - RP "Leader 17" in Dnipro city	M. Dnipro	DTEK Dnipro Power Grids JSC	2020
67	Reconstruction of OHL-6 kV of SS LB-1 (26) - RP-55 (4) cab. B m. Dnipropetrovsk, Dnipropetrovska oblast	M. Dnipro	DTEK Dnipro Power Grids JSC	2020
68	Reconstruction of CL-0.4 kV TP-438 RB 8, 10, 12 Geroyev Ave. p.16 input cable; jumper p.16-p.18; RB 6, 12 Geroyev Ave. p.12, p.20 input cable; jumper p.20-p.21; RB 2, 14 Geroyev Ave.p.21; RB 4, 16, 12, p.24, input cable; jumper p.24-p.26; RB 2, 14, 12, p.28, input cable; jumper p.28-p.29 m. Dnipro, Dnipropetrovska oblast.	M. Dnipro	DTEK Dnipro Power Grids JSC	2020
69	Reconstruction of OHL-0.4 kV TP-435 RB 3, 16, 12 Heroiv Ave. p.11 input cable, jumper p.11-p.13, RB 2, 10 Heroiv Ave. p.12, p.2 input cable Dnipro, Dnipro region.	M. Dnipro	DTEK Dnipro Power Grids JSC	2020
70	Reconstruction of OHL-6 kV of Zavodska substation com (7) - BPS RP-89 cab B in Dnipro, Dnipro region	M. Dnipro	DTEK Dnipro Power Grids JSC	2020
71	Overhaul of the equipment of the Central Distribution Center of the Verkhnodniprovsky power supply distance in Verkhnodniprovsky district of Dnipropetrovska oblast with the replacement of such equipment: - 14 CSR 6 kV cells for 14 MVC 6 kV production EDS; - 20 0.4 kV SHCHO90 panels for a system of 9 0.4 kV PowerLine input and distribution panels manufactured by EDS; - of the existing outdoor lighting system of the facility to the EDS Sh30 cabinet.	Verkhovtsevska power supply distance, Verkhnodniprovskiy district, Dnipropetrovska oblast	JSC "Ukrzaliznytsia"	2019
72	Modernization of Fedorivka 150/35/10/3.3 kV traction power substation in Zaporizhzhia region. The following works were carried out during the modernization: - reconstruction of the 150 KV switchgear - reconstruction of the 35 KV switchgear - reconstruction of switchgear-10 KV	Zaporizhzhia region	JSC "Ukrzaliznytsia"	2019

part 6 of 7

№	Types of work	Name of the facility, city	Name of the Customer	Start and end dates of work
73	Reconstruction of the power supply system of the Dnipro Starch and Molasses Plant with the installation of new equipment at a 35 kV electrical substation. - reconstruction of the 35 KV VRU: - reconstruction of 6 KV outdoor switchgear:	village. Dniprovsk village, Dnipropetrovska oblast	PJSC "Dniprovsky Starch and Refinery"	2019
74	Technical re-equipment of 10 kV switchgear of cell L-45 of the electrical substation "Chaplynka" 35/10 kV and SS "Mayivka 150/35/10 kV"	Petrykivka district, Dnipropetrovska oblast	DTEK Dnipro Power Grids JSC	2019
75	Reconstruction of 110/10 kV Porshen substation: - A complete reconstruction of the construction part of the open switchgear 110 kV switchgear was carried out; - electrical work was carried out on the open switchgear 110 kV; - electrical work was carried out on a 10 kV indoor switchgear installation.	Konotop, Sumy region	PJSC "Sumyoblenergo"	2019
76	Reconstruction of 15 35 kV surge arresters with replacement of disconnectors: Kryvyi Rih and Pyatikhat'sky REM, Sinelnikivskyi REM, Pavlohrad'skyi REM, Verkhniodniprovskyi REM, Novomoskovskyi REM	Dnipropetrovska oblast	DTEK Dnipro Power Grids JSC	2019
77	Reconstruction of 110 kV switchgear at Cherkasy CHPP - replacement of oil circuit breakers with gas circuit breakers	m. Cherkassy	Cherkasy CHPP	2018
78	Construction of open transformer substations 0.4 / 35kV 1600kVA (10 pcs.), RP-35kV, reconstruction of Vesele substation (installation of 35kV circuit breakers)	c. Vesele village, Zaporizhzhia region	Ukrainian Solar Systems LLC	2018
79	Reconstruction of the DBC substation: - a reactor was installed and the existing cells were reconstructed; - in the subscriber transformer substation two cells of the KSO-393-11M type were additionally installed.	c. Krasylivka, Brovary district, Kyiv region	PJSC "Kyivoblenergo"	2018
80	Reconstruction of the 35/10kV Miskaya substation: - installation of new relay panels, automation panels, and operastrum cabinets; - commissioning robots.	m. Nizhyn, Chernihiv region	PJSC Chernihivoblenergo	2018
81	Installation of step-up switchgear -1000 0.4 / 6kV - 2 pcs.	A 2 MW solar power plant in Pidhorodne, Dnipropetrovska oblast	Sun Energy LLC	2017
82	Reconstruction of Solona 150/10kV substation: - replacement of oil circuit breakers with vacuum circuit breakers - 9 pcs.	c. Solone village, Dnipropetrovska region	PJSC "DTEK Dniprooblenergo"	2017
83	Reconstruction of SS Surska 35/10kV: - installation of 35kV circuit breakers; - installation of relay panels	c. Bratske village, Dnipropetrovska oblast	PJSC "DTEK Dniprooblenergo"	2017
84	Technical re-equipment of relay protection devices and secondary switching schemes in the cells of Ochisni substation	Novooleksandrivka village council Dnipropetrovska oblast	High-voltage Soyuz-RZVA	2017
85	Construction of substation 35/10 with installation of 4 transformers TM-6300kVA	Greenhouse complex, Novooleksandrivka (Dnipro)	Realty Estate LLC	2016
86	Construction of substation 35/10 with installation of 4 transformers TM-6300kVA	Greenhouse complex, Novooleksandrivka (Dnipro)	Realty Estate LLC	2016

part 7 of 7

№	Types of work	Name of the facility, city	Name of the Customer	Start and end dates of work
87	Installation of 10 KTP-1000/10 and one 2xKTP-1000/10	Greenhouse complex, Novooleksandrivka (Dnipro)	Realty Estate LLC	2016
88	92Installation of two KTP-630/6 - 2 pcs, reconstruction of substation "ICCC" - 150/6kV - replacement of oil circuit breakers with vacuum circuit breakers in 6kV switchgear	Gas filling station, Izmail	Ukrrezervuarservice LLC	2015-2016
89	Organization of external power supply to ATB stores - according to the technical conditions of power transmission organizations, reconstructions of 35kV substations were carried out - 1 unit, 0.4kV substations - 150 units.	Retail network, Ukraine	ATB-Market LLC	2011-present
90	Production, supply and installation of medium voltage (6kV) chambers of KSO393 type complete with LS 1000 A vacuum circuit breakers for the reconstruction of the port's transformer substations	Berdiansk Port	Ukrainian Sea Ports Authority	2016
91	Repair and construction works at 150/35/6 kV substation: - replacement of 150 kV current transformers; - replacement and installation of an additional TVS; - reconstruction of relay protection	Electricity transmission organization, Dnipropetrovska oblast	PJSC "PEEM "Central Energy Company""	2016
92	Installation of KTP-10 / 0.4 kV for power supply of the oil depot	Oil depot, Dnipro city	"AMIC ENERGY"	2016
93	Reconstruction of the 10kV switchgear of the warehouse : - installation of medium voltage chambers of KSO393 type complete with LS 1000 A vacuum circuit breakers	Pharmaceutical Company, 27 Udarnikiv Str., Dnipro, Ukraine	BaDM LLC	2016-2017
94	Reconstruction of 35-10 kV power grids of PJSC "Nikopol Pipe Fittings Plant: - replacement of power transformers, 10kV switchgear, 35kV outdoor switchgear	Nikopol Pipeline Plant, Nikopol	PJSC "NZTA"	2015
95	Construction of a transformer substation with transformers 2xTM-2500/10. reconstruction existing transformer substations in the part of 10kV switchgear	Oil refinery, Feodosia	Feodosia OGPf	2013
96	Construction of two transformer substations with two transformers of TM-1600/10 type each.	Logistics center, Dnipro, Ukraine	LLC "Plant Master-Professional"	2012-2013
97	Modernization of relay protection of 6kV switchgear at Zuivska TPP	Zuhres, 60 yest Zhovtneva str., Donetsk region	DTEK Vostokenergo	2012

CONSTRUCTION OF SOLAR POWER PLANTS

part 1 of 3

No. p/n	Address of the solar power plant (heat pump)	Power, kW = AC	Power, kW peak =DC	Type of SPP (stand-alone - does not provide for the sale of electricity at the "green" tariff; grid - provides for the sale of electricity at a "green tariff")	Date of realization
1	Turnkey construction of a solar power plant in Mohyliv-Podilskyi with connection to the external networks of Vinnytsiaoblenergo JSC and MPS Solar Park LLC	8 000,00	10 000,00	network	2024
2	"Technical re-equipment of the SS No. 10 - 10 kV for connection of Solarfield-25 LLC's PV power plant in Mohyliv-Podilskyi, Vinnytsia region"	800,00	999,60	network	2024
3	"Technical re-equipment of the SS No. 10 - 10 kV for connection of Solarfield-26 LLC's PVPP in Mohyliv-Podilskyi, Vinnytsia region"	800,00	999,60	network	2024
4	Complex of works on the construction of a roof solar power plant (alternative energy facility) at the address: Kyiv region, Novi Petrivtsi village	150,00	198,24	autonomous	2023
5	Solarfield-25 and Solarfield-26, Solarfield-27 m. Mohyliv-Podilskyi	2 400,00	2 997,00	network	2023-24
6	Solarfield-13 and Solarfield-14, Solarfield-8 m. Mohyliv-Podilskyi	2 400,00	2 997,00	network	2023
7	Construction - roof solar power plant (alternative energy facility) located at: Khmelnytsky region, Khmelnytsky district, Oleshyn village	250,00	360,80	autonomous	2022-23
8	Construction - roof solar power plant (alternative energy facility) located at: Kharkiv region, Lozova district, Pervomaiskyi town	700,00	999,58	autonomous	2022-23
9	Installation of solar panels on roofs 27 OKKO filling stations These roof stations will be used for their own needs and will provide electricity from gas stations: 14 SPPs in the Kyiv region; 3 SPPs in Rivne region; 4 SPPs in the Volyn region; 3 SPPs in Zhytomyr region; 2 SPPs in Cherkasy region; 1 SPP in Vinnytsia region.	965,36	965,36	autonomous	2021
10	Zaporizhzhia, Sikorsky str.	19 900,00	25 870,00	network	2021
11	Zaporizhzhia region, Vasytkivskyi district, Dniprorudne town	9 990,00	12 987,00	network	2020

part 2 of 3

No. p/n	Address of the solar power plant (heat pump)	Power, kW =AC	Power, kW peak =DC	Type of SPP (stand-alone - does not provide for the sale of electricity at the "green" tariff; grid - provides for the sale of electricity at a "green tariff")	Date of realization
12	Zaporizhzhia, 11 Bazova St. (rooftop PV plant)	385,00	432,28	network	2020
